Employment History

Graphic Artist

Currently Employed

- Create concepts and technical designs for logos
- Assist in communicating to the public the assets of a company in limited space

Videographer, Duquesne University School of Pharmacy

3/7/2009 - 11/8/2009

- Use advanced technical and aesthetic knowledge to capture high quality image and sound to be distributed over the Duquesne Network.
- Operate, adjust, maintain, and troubleshoot all video, audio, and editing equipment.

Notable

Despite having no official training, I began teaching myself Adobe Illustrator and working part time as a graphic designer to gain some experience.

Ultimately (though my experience may not show it), I would most enjoy interning and eventually being hired as an Art Director.

Examples of what I have taught myself thusfar can be seen on my website which I designed myself: imaginetheinfinite.com
